From the President

Dear Friends,

Heavy Auto Parts, Inc was founded in 2000 and has served the transportation industry in several different countries. After a great success, the company started trading with construction and Industrial equipment delivering equipment and parts to Africa, Middle East and South America.

With our large network of suppliers of high quality transportation, construction and industrial equipment, we are able to provide you with all the equipment you need for your transportation and construction projects.

Our bilingual staff can assist you in your search for the right equipment that meets your project demands. With direct sailings to most ports worldwide, we can ship your equipment to the port of your choice in any place in the world in a timely manner.

With our qualified and skilled technicians, we are confident that every piece of equipment delivered to you will meet your expectations. Our mission is to provide our clients products with the highest quality at fair costs that allow them to succeed. We expect that our clients keep doing business with us forever. We grow when our suppliers and clients also do it.

To our current customers, thanks for your business, To our new customers we look forward to work with you.

Sincerely,

Humberto Montenegro
